Coral Sea-C3

ENGINEERING YOUR SUCCESS.

Coral Sea-C3

3,800 - 6,800 GPD
14-26 M³/D

Additional Features:

- Enhanced safety designed into the process and operation of the system
- Easy to maintain
- Vertical configuration standard – optional configurations voltages available upon request
- Advanced digital control
- Short manufacturing lead times
- Oil free Pump
- Large HMI interface
- All Controls and Instruments for automatic, safe & reliable operations

Internal Options:

- MODBUS communication
- Custom Flanges available
- External Options
- External Strainer
- Installation Kits
- UV sterilizer
- PH Neutralizer
- Carbon Filter (Palatability Filter)
- Remote Control
- Media Filter (Auto/Man)
- Self Cleaning 25 Mic Strainer
- Chemical injection packages

To maintain peak performance always use genuine Parker Sea Recovery replacement parts. We reserve the right to change our specifications or standards without notice.

WARNING: This product can expose you to chemicals including Di(2-ethylhexyl)phthalate (DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
